On your first day, your teacher will greet you at the Baldwin's Gardens Gate.

You will come to the class and put your things on your own special peg, then it is time to time to play and investigate all the interesting activities.

After free play, you will learn your phonics then playtime and a snack!

Maths is next, then it's time to wash hands and head to the hall for a delicious lunch.

Afternoon is a mix of indoor and outdoor small group and child - led activities.

Finally, your teacher will choose a star of the day and take you out to greet your parents or carers.
